SUPREME COURT UPHELD SINCLAIR SENTENCE

OLDER GENERATION SCORED BY RABBI IN FIRST BUSINESS MEET

COUNCIL OF JEWISH WOMEN TAKE UP BUSINESS IN EARLY EST MONDAY MORNING

"Youth is in revolt today because of the blundering mess that the older generation has made of affairs," Rabbi Wolfe Macht declared in the program of the first business session of the eighth annual convention of the Texas conference of the National Council of Jewish Women which was formally opened Monday morning at the Carnegie Library auditorium.

A one-day session of the annual convention of the council of Jewish Women was held Sunday at the Navarro hotel, featured by luncheon at the noon hour and a business session in the afternoon. At the evening hour at Temple Beth El the annual state conference cultural program was presented with Mrs. Estelle M. Sternberger of New York as the principal speaker and a number of musical features.

Mrs. Joseph Ulay of Dallas presided at the opening of the convention Monday morning. Rabbi M. J. Leibson pronounced the invocation and Mayor-elect R. L. Whelan extended official greetings to the convention and the visitors, paying tribute to the work of the Jewish Women's council.

The minutes of the last convention were read by Mrs. Max Nathan of Houston, recording secretary, and approved with a few corrections. The report of the rules committee was presented by Mrs. Harry Kaufman of Corsicana, and the report was adopted.

ENGLAND ENTERING HOTTEST POLITICAL CAMPAIGN FOR YEARS

LONDON, April 8.—(AP)—Campaigning for the British general elections on May 30 was launched in earnest today by the major political parties.

Nearly 1700 candidates for the seats in commons today intensified their individual campaigns.

The liberals, who are as yet the only party to announce their full platform, redoubled their efforts by inaugurating a great vote-getting campaign "from Land's End to John O'Groats," raising the liberal battle cry "De can conquer unemployment."

The conservatives and laborites also set out an active vocally as the liberals but are just as busy behind the scenes.

MAN UNDER DEATH SENTENCE BROUGHT FORT WORTH JAIL

FORT WORTH, April 8.—(AP)—Will Fritts, under sentence of death in connection with the fatal shooting of Earle Hamilton, 17, last fall, was brought to the Tarrant county jail last night for safekeeping.

Fritts was tried in March at Amarillo. The Hamiltons, called to the door of their home near Rochester, were killed after the son had been ordered "to get out of the country" before liquor cases, in which he was a witness, were called. When the elder Hamilton refused to send his son away, he was shot and killed. The son was slain as he ran toward the house on the Hamilton ranch.

MEDIAN BOARD MEMBER.
FRANKFORT, Ky., April 8.—(AP)—William Rogers Clay, judge of the Kentucky court of appeals, left Frankfort today for Dallas, Texas, to serve as a member of the emergency board created by President Hoover to investigate the dispute between the Texas & Pacific Railway Company and its employees.

MRS. ESTELLE STERNBERGER, executive secretary of the National Council of Jewish Women, of New York City, was the principal speaker Sunday evening at the State conference and cultural program at Temple Beth El. Mrs. Sternberger's address was highly praised by all who heard it.

BOMB ADDRESSED NEW YORK GOVERNOR FOUND IN MAILS

NEW YORK, April 8.—(AP)—A bomb found in a parcel post package addressed to Governor Franklin D. Roosevelt contained only black powder instead of dynamite and was merely of the variety known as a "scare bomb," bomb squad detectives announced today.

PORTER ACCIDENTALLY DIS- COVERS INFERNAL MA- CHINE IN POSTOFFICE

NEW YORK, April 8.—(AP)—Police today sought the sender of a bomb addressed to Gov. Franklin D. Roosevelt. It was accidentally discovered by a porter in the parcel post room of the general postoffice yesterday.

The machine consisted of dynamite in a six-inch length of one-inch pipe, provided with a detonating device, and imbedded in wax in a candy box.

"On the wrapper was the address 'The Hon. F. D. Roosevelt, Mansion House, Albany, N. Y.'" In the corner was printed "H. Bup, 453 Twenty-Ninth street," found to be fictitious.

Thomas Callagy, the porter, found the bomb when he accidentally hit it with his broom. There was a hiss and smoke curled from the package. Callagy promptly trampled upon it.

The porter's action in stepping on the bomb, police said, probably saved his life and those of the clerk's at work in the room, as he broke off the fuse.

No connection was evident between the bomb incident and the destruction by fire of the new \$100,000 home of the governor's daughter, Mrs. C. B. Dall, adjoining the estate of John D. Rockefeller at Tarrytown, N. Y., yesterday.

Freak Tornado Struck Chicago Suburban Area

CHICAGO, April 8.—(AP)—A storm of tornadoic character, lasting less than a minute and whirling along a 100-foot path, did \$50,000 damage in Chicago's South Shore district last night.

Roofs were ripped from buildings, trees were uprooted and several garages were blown down.

Mrs. Adalbert Barnham described the storm as "an unearthly shrieking." Homes were shaken and windows shattered.

At Hammond, Ind., lightning struck an oil tank of the Roxana Petroleum Company Refineries, killing a workman, J. E. Pemberton, 23, and igniting 4,000 gallons of oil.

EIGHTEEN FIGHTING PLANES UNCLE SAM READY FOR SERVICE

ORDERS ISSUED TO SHOOT DOWN ANY MEXICAN PLANE OVER U. S. SOIL

(By The Associated Press.)
Eighteen American airplane planes were ready to guard the Arizona border today in the event of further fighting in the Mexican revolution, while strong forces of American infantry and cavalry were prepared for eventualities.

Opening of the sixth week of the insurrection found the rebels on the defensive, pinched steadily into the three northwestern states, Sonora, Chihuahua and Sinaloa.

In the five weeks of open warfare, the rebels have been driven out of six other states in which they had obtained footholds and suffered serious reverses in a major three days battle around Jimenez and La Reforma. Vera Cruz was long since lost to them.

Both Sinaloa and Chihuahua have seen rebels retreat with the possibility that the insurgents will be shortly forced out of Sonora.

To counteract this the insurgents still have strong forces in Northern Chihuahua and Northern Sinaloa and plan if necessary, to concentrate in Sonora for a drive on the federal army.

Fighting Was Scarce.
There was little fighting over the week-end. The federal continued their advance in Chihuahua and Sinaloa while the rebels drew up positions to offer opposition.

General Calles passed through Aguila, Chihuahua, yesterday, the object of driving against the so-called religious insurgents in Jalisco and Guanajuato. There was also the possibility he may proceed to Irapuato and then swing north to passing money centers.

The chief federal plan now is to prevent union of the federal forces now in Sinaloa and Chihuahua with the insurgents in Sonora.

Signs of disintegration of the rebel movement along the border were in evidence. At Ojinaga across the

FATE OF LEGISLATION OTHER THAN APPROPRIATIONS CAUSE OF CONSIDERABLE MISGIVING

By R. W. BARRY
AUSTIN, April 8.—(AP)—There is considerable speculation around the capitol among legislators here as members of the house appropriations committee and others who drop in on business as to what the special session will accomplish in addition to passing money bills.

The Governor Moody has misgivings as to the attitude of the law-makers toward his program, when they return two weeks from today, is indicated by his disposition to withhold the appropriation bills until after action has been taken in the regular session.

LONG PROSECUTORS PLANNING FURTHER ACTION ON MONDAY

BATON ROUGE, La., April 8.—(AP)—Plans for additional action against Gov. Huey P. Long, already facing a senate trial on one impeachment charge, were discussed here today by members of the Louisiana house of representatives.

Eighteen additional charges ranging from a murder plot to petty offenses against the state constitution, but it has not been definitely determined whether all of them will be pressed. Enemies of Long want a vote to be taken on only a few more charges.

A house sub-committee planned to meet today to decide upon procedure when the lower house reconvenes tomorrow night.

Testimony has been heard on five of the charges and some committee members said it was probable a vote would be taken on these before testimony is heard on any others.

The senate, which has been resolved into an impeachment court with Chief Justice Charles A. O'Neill presiding, will meet Thursday to adopt a plan of procedure.

Decimal Point Misplaced Cause Death 3 Lads

LONDON, April 8.—(AP)—An inquest held today into the deaths of three boys who came up to London from Sudbury recently to be treated for ringworm, brought out that misplaced decimal point in a prescription caused the fatalities.

The boys, Charles, Leslie and John Thorpe, aged 10, 7 and 5 years respectively, died under mysterious circumstances after being given medicine from a prescription compounded at the hospital to which they applied.

The testimony showed a mistake made in the calculation of a child being given 2.5 grams instead of .25. The others also were given proportionately ten times the desired quantity.

PRESIDENT FACES ONE OF BUSIEST WEEKS OF REGIME

ENTERED ON DUTIES CONSID- ERABLY REFRESHED AS RE- SULT WEEK-END OUTING

WASHINGTON, April 8.—(AP)—President Hoover today faced one of the busiest weeks he has encountered since his inauguration. He entered it, however, considerably refreshed by his outing Saturday, which took him 80 miles away to his mountain retreat on the Rapidan river in Virginia.

When only a week remaining before the new congress is convened, one of the principal tasks confronting the president was completion of his message. He finished the first draft several days ago and immediately began revision. The message is expected to be in its final form in a few days.

In addition to work on his message and many conferences incidental to the approach of a session of congress, together with the usual heavy duties of his office, recent developments in the Mexican revolution which have threatened the safety of American border towns also claimed the president's attention. He called upon Secretary Stimson to go over this situation with him today.

OIL MAGNATE MUST SERVE SENTENCE OF 3 MONTHS IN JAIL

CONVICTED OF CONTEMPT IN REFUSING TO ANSWER TEA- POT DOME QUESTIONS

WASHINGTON, April 8.—(AP)—The conviction of Harry F. Sinclair for contempt for refusing to answer questions during the Teapot Dome investigation by the senate oil committee was approved today by the supreme court.

Under the decision the oil operator must serve three months in jail and pay a fine of \$500.

Justice Butler spoke for the court. Emphasizing the importance of protecting the individual from unreasonable and arbitrary disclosure of his private affairs, he said questions put to Sinclair were not of that character.

The fact that information sought by the committee might be of importance in a suit pending against Sinclair did not excuse him from answering, the justice stated, because the information was properly within the inquiry of the committee and the questions were pertinent.

Justice Butler stated the court in its decision in the Mal S. Daugherty case had laid down the rights of the two houses of congress to conduct investigations necessary to aid legislation but that neither house had the right to inquire into the private affairs by requiring disclosures not in aid of legislation.

During the investigation of the naval oil reserve leases by the senate committee, Sinclair testified several times, but refused to answer questions.

SCHEDULED MURDER TRIAL IS TURNED INTO MANHUNT AFTER FOUR CONVICTS MAKE ESCAPE

MAGNOLIA, Miss., April 8.—(AP)—A sheriff's posse today captured Stephen Beck, the most notorious of the trio of convicts who escaped from the Angola, penitentiary, yesterday by overpowering guards and fleeing in a prison automobile.

Beck meekly walked up to Louis Heard, Baton Rouge, La., detective, and passed over his weapons. Officers said the capture of the other two men was only a question of time.

BATON ROUGE, La., April 8.—(AP)—A scheduled murder trial was turned into a manhunt today by the escape of four convicts from the Louisiana state penitentiary.

They made their getaway from the penitentiary receiving station yesterday by overpowering guards and fleeing in a prison automobile.

Later one of them was captured after a gun fight on the main street of Magnolia, Miss. Today the other three were reported surrounded near Magnolia.

Two of the convicts, Steven J. Beck, bank robber and Jim Heard, burglar, were to go on trial at St. Francisville today for murdering a trusty in an attempt to escape last September.

The other two were Adam Webster, serving a sentence for breaking and entering, who was captured, and Fred Wilson, purse snatcher.

Dashing into Magnolia, the convicts stopped their car in front of the postoffice and opened fire on the sheriff and a deputy who appeared a half a block away.

After more than 100 shots had been exchanged without damage the convicts fled through a yard, and three of them commandeered the automobile of a passing motorist and sped away.

Webster was found crouched beneath shrubbery in the yard.

FORMAL REPRESENTATIONS ON SINKING OF CANADIAN RUMMER TO BE PRESENTED TO STIMSON

First Airplane "Theft" Sunday At Local Airport

The first airplane theft occurred at the Corsicana Municipal airport Sunday, when Pilot H. J. Nichols coming out of the hangar saw his Travelair biplane rising from the ground.

This is how it happened: While Pilot Nichols was in the air, Pilot Charles Pedley, manager and chief pilot of the T. A. T. flying school, Dallas, drove in from Dallas. When Nichols landed, Pedley sent a man to get him on the other side of the hangar. This done, Pedley climbed into the plane, and the next thing that Nichols knew, his blue and white plane was far above terra firma.

"Who in the world stole my plane?" Nichols exclaimed. Then he saw Pedley's car and the mystery was solved.

Fingerprints Are Expected Lead to Slayer's Arrest

NEW YORK, April 8.—(AP)—Fingerprints on the steering wheel of a stolen automobile were clues police had today in a search for the slayer of a woman whose body was found in the car.

The victim was identified as Mrs. Liada Beggs, 25, mother of three children.

The crime was discovered yesterday after a group of women informed Lt. Arthur Coy of the fire department they thought a woman in a car parked in West 35th street was dead.

Indications were the victim had been strangled.

TERRELL RESIDENT SLAYS AGED WIFE; BELIEVED INSANE

DAUGHTER SAVES HER LIFE BY WRESTING AXE FROM HER FATHER

TERRELL, April 8. (AP)
—The story of how Mrs. Nora Simpson fought for her life and saved it by wresting an axe from her aged father was told at a preliminary hearing for the Rev. J. F. Roberts here today before C. W. Sharrock, justice of the peace, on charges of killing his wife, Mrs. Sallie Roberts, 71.

Mrs. Roberts was hacked to death with an axe today at the Roberts' home here. One blow cut her jugular vein, and the other cut a deep gash in the back of her neck.

She had been caring for her husband, who two months ago was stricken with paralysis. Today he became violent, according to testimony at the trial. An axe was obtained in the back yard, and the killing followed.

Neighbors heard the screams of the daughter when she wrested the axe from her father, and officers were called.

H. L. Simpson, constable, arrested the aged minister, and took him to jail against his will. Simpson said the minister tried to take his gun away from him.

The examining trial was simply a formality to hold the minister, according to Simpson, for the grand jury which meets in June. Bonds were set.

Simpson said it was possible that a sanity hearing would be granted in the near future.

Rev. Roberts had lived in and near Terrell for many years, and was a retired Baptist minister. He had been in ill health for some time.

CHICAGO, April 8.—(AP)—A mysterious stranger today had entered the case of Congressman M. A. Michaelson of Chicago, under federal indictment in Florida on charges of transporting liquor.

The congressman made his first public statement yesterday, denying the government charges. He said his true name had gone to Panama as a member of the waterways committee of congress and the party stopped in Cuba on the return trip.

"There was one man in the party," Short said, who was not a member of congress. Mr. Michaelson said that he had gone to Panama as a member of the waterways committee of congress and the party stopped in Cuba on the return trip.
